

Ssimbwa Joseph

Joseph comes to IYHA with a portfolio of diverse skills and experience. With a Bachelor of Science Degree, Joseph served as an Agriculture Advisory service provider for the local government for five years, and with a nonprofit organization promoting sustainable agriculture, livestock and crop husbandry, and agribusiness for another five years. In 2017, Joseph received a certificate from CAFÉ AFRICA for completing a Trainer of Trainers (TOT) program for a District Coffee Extension initiative under the Ugandan Ministry of Agriculture. Having joined the Board in 2015, Joseph is instrumental in supporting IYHA's agricultural training components, serving as a facilitator specializing in animals and crop production and training IYHA program participants on farmer-to-farmer extension services related to the promotion of food security and commercialized production.
